Re: Atlas General Insurance announces change in workers' compensation claim service provider effective June 1, 2013

Due to Atlas' growth across the nation and commitment to providing superior claims services, Atlas has selected Sedgwick, Inc. (Sedgwick) to provide workers' compensation claim administration services for your policy with Republic Underwriters Insurance Company (policy prefix ATW).

The transition to Sedgwick from Athens Administrators, beginning June 1, 2013, will include the transfer of all claims from policy dates of March 1, 2012 through May 31, 2013, and all new claims arising from those policy periods moving forward. Please be assured that this change in claim administrators will have no negative impact on claim administration services that you are currently receiving.

If you currently have an open claim, you will be receiving a phone call from your claims adjuster shortly after the transition.
